Mrs. Coburn:

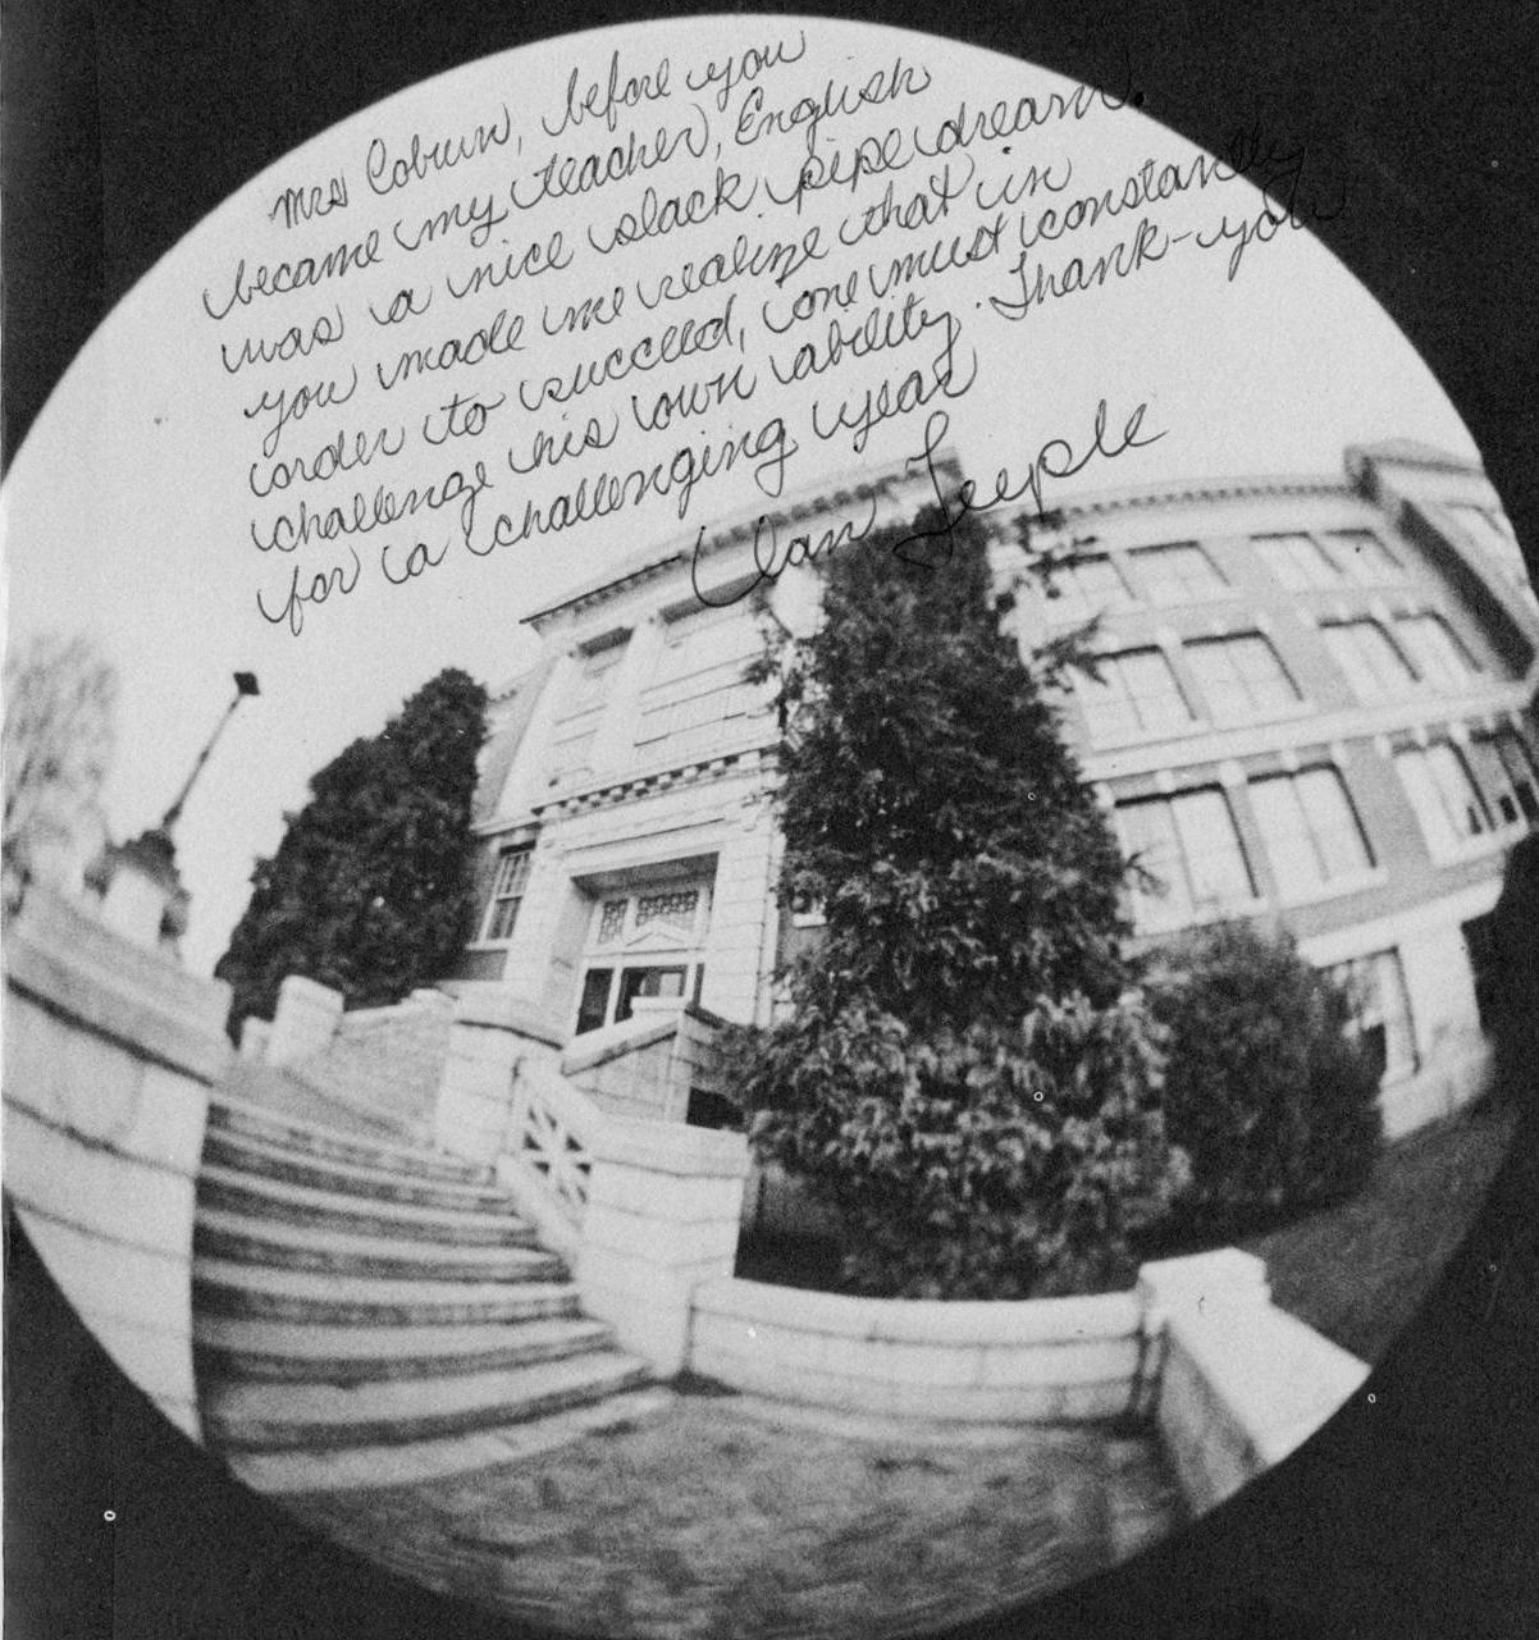
Despite Milton and Wordsworth, I had a fantastic time in Literature this year. I would just like to say that you're one of the nicest and most interesting teachers that I've ever had. I wish all my teachers were and ~~should~~ will be like you. Have an enjoyable summer before you come back to the "old grind"

All my best wishes

Bess Leary.

Dear Mrs. Coburn.
I promise that the next time I enroll in a school I will definitely decide which courses to take before making another campus change schedule about 4 times my 1st week & not return one of your students

Linda Thoran



Mrs Coburn, before you
became my teacher, English
was a nice black pipe dream.
you made me realize that in
order to succeed, one must constantly
challenge his own ability.
for a challenging year
Thank-you

Camosun '76 brings together the past and present years at Victoria High. It reflects the life and spirit of the people who have built the traditions of the school. The changes and growth of Vic High have been rewarding to all and over the years many memories have been treasured.

The Centennial year marks 100 years of learning and building friendships for thousands of students who leave with hope and pride. These students have been influenced by Vic High's motto, "Palma non sine pulvere", "no reward without effort". The achievements and pleasures of one hundred years are reflected in Camosun '76.

The Many Faces Of Victoria High School

Victoria High School opened on August 7, 1876, in a log schoolhouse built in 1853 by Sir James Douglas as the Colonial Common School. It was the only public high school in Western Canada and served the whole of B.C.

In 1882 a brick annex adjoining the Central Public School, located on the Yates Street site, accommodated the growing number of Vic High students. The log schoolhouse was eventually demolished.

Twenty years later, a third and much larger building was erected also on the Yates Street site for Vic High's use. By this time the school served only the lower Island area. It wasn't long until the building became too small and plans for another school were drafted. The cornerstone for the new Victoria High School at the present site of Fernwood and Grant was laid in 1912. Several months later classes commenced and the official opening was held on May 1, 1914.

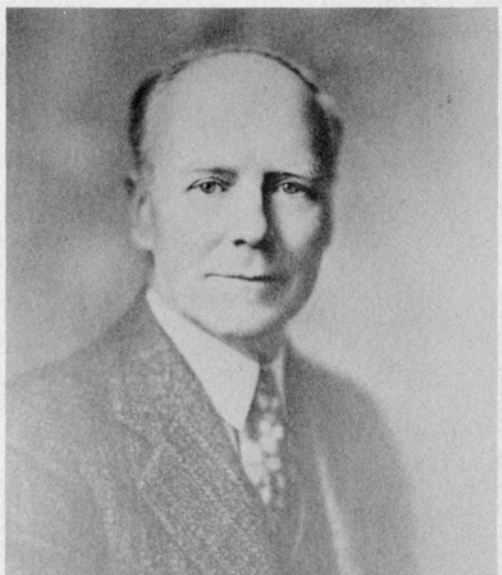
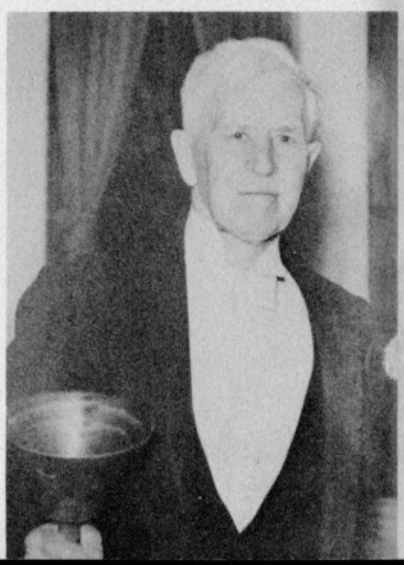
The atmosphere of Vic High has been created by many people. Among these have been the principals who have taken on a great responsibility in running the school and in planning the curriculum. Their philosophies have been passed on from year to year helping to build the character of the school.

The first principal in 1876 was Reverend Alexander B. Nicholson. Only in office for one month, he resigned after a dispute over religious exercises in the school. S. D. Pope succeeded him as second principal but two years later he was suspended and J. H. McLaughlin was appointed in his place. For six years he governed Victoria High until in 1884 he was replaced by John N. Muir. Then in 1887 R. Offerhaus took over for one year. The next principal was John P. McLeod who ran the school for four years.

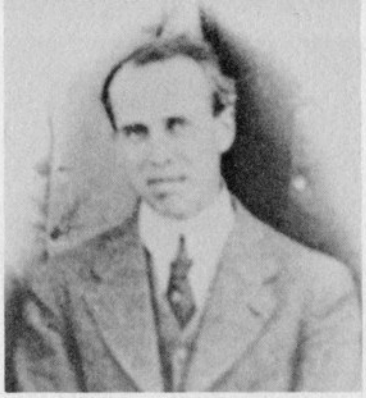


S. J. Willis (1908-1916)

A. G. Smith (1916-1920)



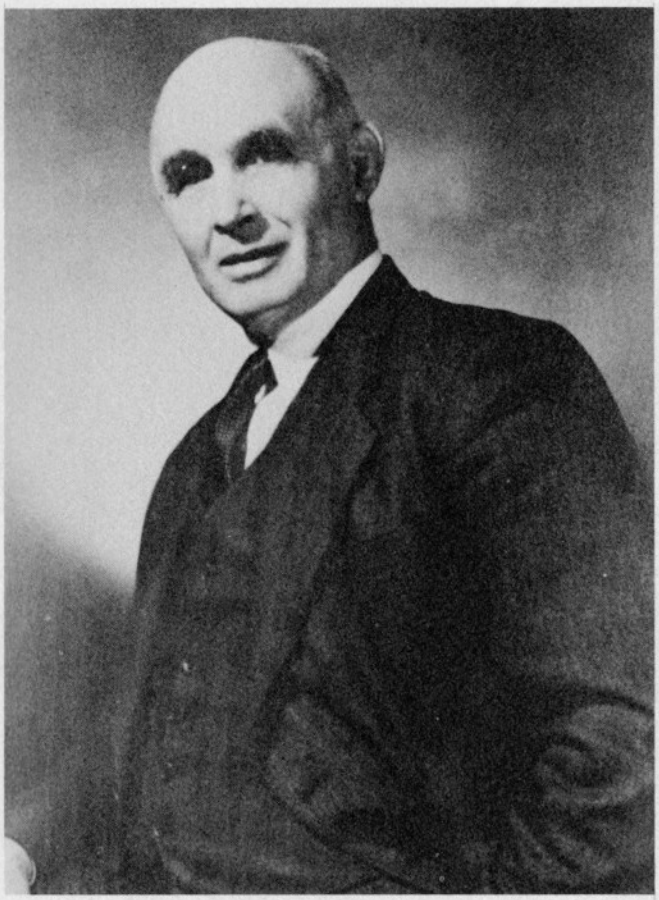
A. Robinson (1920-1921)



H. H. Smith (1921-1926)

Ira Dilworth (1926-1934)

In 1892 there were three principals. The first was John H. Kerr, followed by William Burns. The third was E. B. Paul who began a 16-year term in the new Victoria High building on the corner of Yates and Fernwood. When E. B. Paul became Superintendent of Victoria Schools, Samuel J. Willis succeeded him. After 8 years, A. G. Smith replaced Willis in 1916. Alexander Robinson was the next principal after Smith's four year term. Only one year later Herbert H. Smith (also known as H_2S) was appointed to office. Beginning 1926, Ira Dilworth held an 8-year term and was the first Victoria High alumnus to become principal.



H. L. Smith (1934-1955)

H. D. Dee (1955-1959)

Harry L. Smith began the longest term of office in 1934 with 21 years. Replacing him in 1955 was Harry D. Dee while four years later G. A. Victor Thomson began his 7-year term.

A Hundred Years of Leadership

May Tully and her teammates

Over the past century Vic High has developed a strong school spirit which has shown itself in the enthusiasm of the students' participation in a large number of activities. These have included clubs, teams, track meets, rallies, special days, plays, and an endless list of special events.

The first club began in 1877 when the "Lyceum", a boys' debating club was formed. It became Beta Delta in 1911 and was joined two years later by a girls' debating club, "Portia". Other activities in the early years of the school were the school newspapers, the "Leisure Hour" for boys, and the "Hyacinth" for girls.

Many notable people have come from the ranks of Vic High students. Among them Emily Carr, a Victoria painter and a member of the Canadian Group of Seven. She was at the school in 1899 and can be seen in the history title page picture standing in the third row, second from the right.

Among Vic High's athletic teams at the turn of the century was the first women's field hockey team in Canada, captained by May Tully. She and her teammates are in the top photograph on this page, dressed to attend a school dance. She is sitting in the center and is wearing a rose on her dress.

During the years of World War I and II many Vic High graduates went overseas with the forces. At home, in the city and in the school, Vic High students did what they could to help the war effort. Cadet units were formed, such as the one in the picture on the right, and students learned to handle rifles in the shooting range in the attic. The Vic High Patriotic Aid Organization during World War I collected funds to buy a Victory Bond, and during both wars money was raised for the Red Cross. The first Vic High Circus was organized in 1945 and $2,540.00 was sent to the Red Cross.

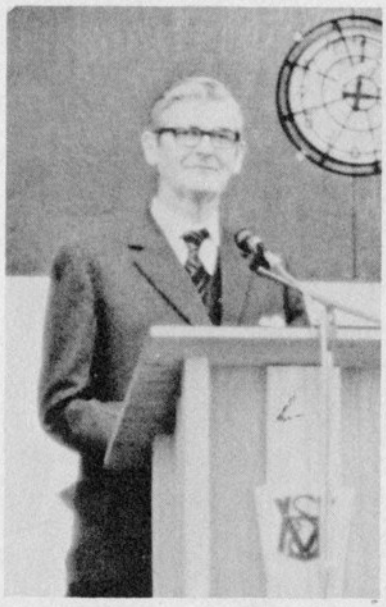
In 1906 a Matriculation Dramatic Society was formed at Vic High, and put on Goldsmith's "She Stoops to Conquer" as their first production. The drama club has been popular ever since and has entered many successful plays into the school's Drama Festival over the years. It is an activity that needs the dedication and hard work of many students and sponsor staff members, and Vic High has always risen to the challenge. For many years Mr. Farr, who retired in 1974, devoted hours of his spare time to the club, and helped build Vic High's tradition of an enthusiastic drama club.



Governor-General Leger

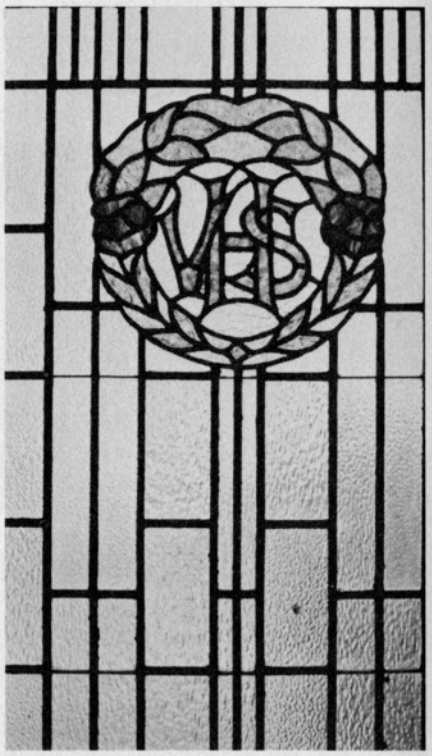
Lord Dufferin and his wife attended the opening ceremonies of Victoria High in 1876, and through the years other Governor-Generals have visited the school, the latest being the visit of Governor-General and Madame Leger in 1973. His Honour spoke to an assembly of students representing the high schools of Victoria, and granted all students in British Columbia a day's holiday on behalf of Her Majesty the Queen.

The Governor-General's Silver Medal

The academic side of school life has undergone many changes in the past 100 years. Students have greater freedom in choosing their courses and have more courses to choose from than ever before. When Vic High opened, students had to write entrance examinations to be admitted. The subjects they were examined on included Reading, English Grammar, Compositions, Anatomy, Physiology, Hygiene, Geography, Written and Mental Arithmetic, Canadian and English History, and Spelling. In 1876, 68 out of 160 candidates passed the exams and entered the school.

The following year the Governor-General of Canada, Lord Dufferin, awarded John C. Newbury, a Vic High Student, the Governor-General's Silver Medal for academic achievement. Each year since 1877 the medal has been awarded to the top Grade 12 student in B.C. The last Vic High student to receive the medal was Terry Leung who graduated in 1960.

A Tradition To Follow . . .

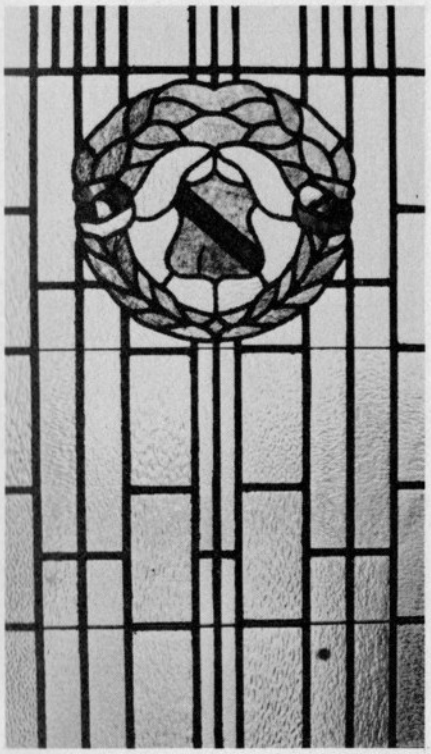


Reminders of Vic High's past surround us in our halls. On either side of the doors entering the school hang boards upon which the names of the Head of School and the Prime Minister or President are inscribed. The Head of High School list goes back to 1876 when after each term the name of the grade twelve student making the highest grades on his or her exams was added to the list. Now the Head of School is determined by Scholarship Exam results. The Student Association boards date back to 1925 when the first Student's Council was formed with Albert Russell as President. In 1968 the Council became a Parliament, based on the Canadian Parliamentary system, and Roger Skillings was elected the first Prime Minister.

Pictures of past graduating classes hang in the halls, and date back to 1943 when the first evening Public Graduation ceremony was held. Also adding to the atmosphere of the school are the stained glass windows, shown on the right, signifying our crest and shield. Other reminders of Vic High's history include the Honour Roll for those Vic High students who lost their lives during the First and Second World Wars.

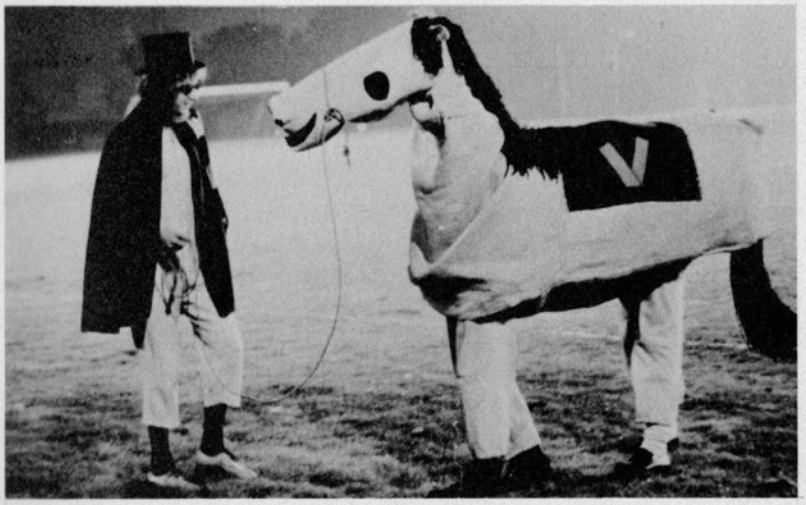
A popular activity has been the school's trackmeet, held outside in the warmer months. Below is a photograph of one of the trackmeets taken before our Gyro Track was built in 1951 to commemorate those who died in the wars. Note the large "Block V's" on the girls' shirts. We give out these blocks at the end of each year during the awards ceremony to those students who have made outstanding athletic contributions to the school.

"Come give a cheer for Victoria High, We never falter, we never die . . ."

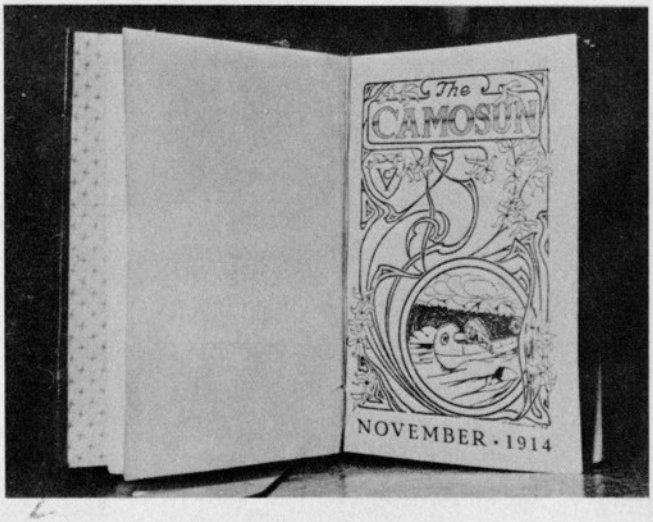


The Camas flower has played an important part in the history of both Victoria city and Victoria High. Fort Camosun was the original fort built at the site of present day Victoria. The name came from the word "camosun" which was the Indian name for Victoria Harbour and referred to the blue Camas flowers which surrounded it.

In 1905 the name Camosun was chosen for Vic High's first monthly publication which continued until 1927 when it became a yearbook. Later in 1938 the school's newspaper, the Camosunet was first published.



Straight from the horse's mouth.

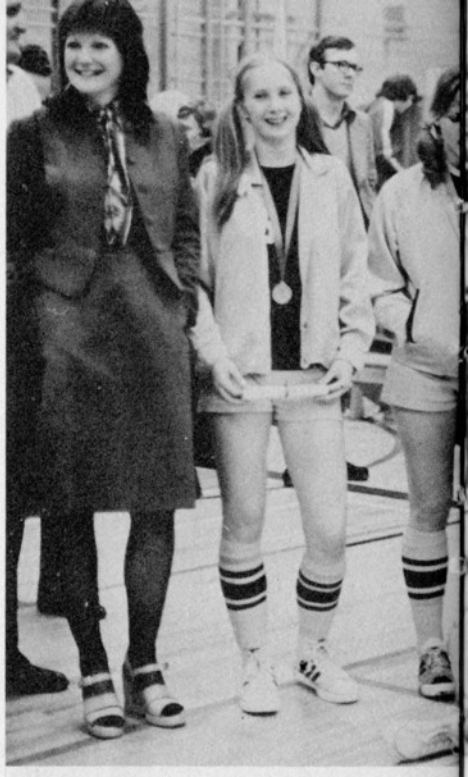


"Old Vic" and his horse have appeared frequently in the past few years at pep rallies and games, where they have played their role in building school traditions.

In 1942 Vic High's Majorettes were organized and cheered for the first time at the Kiwanis Cup Rugby Game, won by Vic High over Victoria College 9-8. Though they have changed their name to Cheerleaders and updated their uniforms this group continues to rouse school spirit at games and in pep rallies.

". . . Raise our colours black and gold,
And cheer for the team so brave and bold."

1907 Basketball Team captures B.C. Crown for Vic High



Totems of 1969 win B.C. Championships, coached by Mr. "Porky" Andrews.

Sports have helped to create friendships and school spirit at Vic High ever since 1876. Over the century our school has produced many championship teams and introduced at least two sports, field hockey and cross country, into the high schools of B.C. A notable feature of our teams has been their sportsmanship, and in past years numerous trophies commending this have come to Vic High.

1975 Tigers — First in Province

Basketball has long been one of the most popular and most successful sports at Vic High. The first time the present building was ever used was when the 1914 Girls' Basketball Team played Vancouver High School on February 20, and won the game 7-5. The Totems (named in 1958) and the Tigers (named in 1962 by J. D. Lorimer) have brought home many championships over the years, the latest being the Boys' B.C. Championship of 1969 and the Girls' B.C. Championship of 1975. Undoubtedly the most spectacular boys' basketball teams were produced during the thirties, when many of the team members were also playing for the Canadian championship teams, the "Blue Ribbons" and the "Dominoes". Between the years of 1924 and 1936 Vic High produced at least seven B.C. Hall of Fame athletes, including George "Porky" Andrews, who for many years has been a member of our teaching staff.

Successful B.C. Champions of 1923

There have been many achievements in other fields of sports, but they are too numerous to mention in detail. Vic High has been well known for her rugby and soccer teams, both of which continue to be popular today. For rugby the greatest year was in 1930 when the outstanding team completed an undefeated season with a 11-3 victory over King Edward High School. Soccer had its peak in the early sixties and has maintained a good reputation in ensuing years.

Volleyball has become one of the most favoured sports for both athletes and spectators. The Tikis and the Tsasquatches have been especially strong in the past few years, with both boys' and girls' teams taking second place at the B.C. championships in 1974, and the girls holding the Number 1 position in the province this year.

As mentioned on page ten Vic High had the first Canadian womens' field hockey team, in the early 1900's. Today the team continues strong under the name of Tomahawks, and has been joined by a boys' team.

The other sport Vic High introduced to the high schools was cross country. Gordon Hartley, sponsor of the cross country team on the left, initiated the sport in 1949 and since then the event has remained popular. Among other sports we have track teams, curling teams, swimming teams, and badminton teams.

Vic High can be justly proud of her athletic achievements of past years and can look forward to many more years of enthusiastic student participation in all sports.

Administration Helps Make Centennial Year A Success

Mr. J. D. Lorimer, Principal

As we celebrate our 100th Birthday we naturally think of the past in terms of people and events. We are conscious of the significant contributions that our students and staff of past years have made to Victoria, to British Columbia, and to Canada. We think of the turbulent years covering two World Wars, and the terrible depression of 1929 and the early 30's.

Our School has seen such great social changes and scientific advances that our lives of today are substantially different from those of 100 years ago. Our students played important parts in these developments and we can look back with pride on their achievements.

We, of the school today, accept the challenge to take our school into its second century with confidence that this new century will be another glorious period in the life of Vic High.

In closing, let me congratulate the editors of the Camosun for the production of this excellent edition dedicated to our 100th Birthday. It is a worthy memento of our Centenary and one that will be treasured more and more as the years go by.

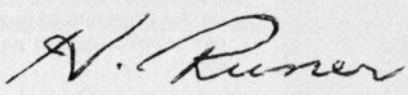
Mr. H. Runer, Assistant to the Principal

This year marks the most notable milestone in the history of Vic High. Students participating in our Centennial Celebrations will remember them for a lifetime. Throughout the year we will all have had a chance to see and meet many of our former graduates who are now leaders in our community. This graduating class too will undoubtedly produce its share of leaders for the future.

I would like to extend my heartiest appreciation to the staff and students who have willingly accepted the extra work of making our Centennial a success.

Many thanks to the Camosun staff who have worked so hard to produce this fine memorable Centennial issue.



Mrs. D. Pearce
Mrs. B. Salm
Mrs. M. Briggs

Mr. R. H. Reid, Vice-Principal

I welcome the opportunity to commend the Camosun Staff in producing this excellent record of student activities for this centennial issue. Within these pages one will find accounts of city, island, and provincial triumphs in both athletic and cultural fields.

But win or lose, the spirit of keen participation one sees in the noon hour leagues, or the latest Calamity skit is perhaps the essence of the Vic High tradition.

Good luck to our graduates; and to all, have a happy summer!

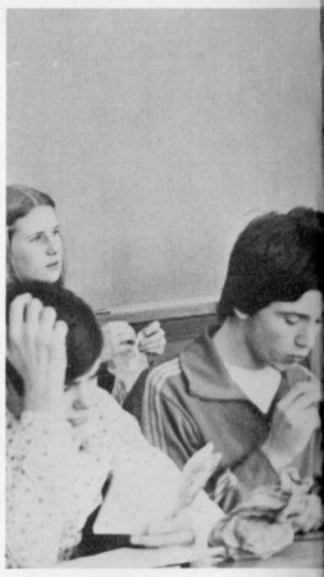
Parliament Has Good Centennial Year



Every Monday at noon Parliament met to discuss new ideas, motions, and report on general happenings around the school. Who is Parliament? They are the 30-odd elected students from your divisions, with the aid of Governor-General Wickstrom. Together they worked to make the activities of this year.

So What? Well, put yourself in their place. I mean, Mondays are bad enough but to have to come and face strict rules and formats when you can hardly keep your eyes open is quite a task. To have to address the person with the hammer and gavel as "Mr. Speaker" (when she wasn't really a "Mister" at all) can be very confusing and difficult to remember. You see, Student Parliament is a smaller version of the way Canada's government is conducted. Big Deal you say? Try thumbing through a book on Parliamentary Procedure and you will find that it is a big deal — enough to cross your eyes. However, most of the M.S.P.'s stuck with it and learned from the experience.

The students themselves were a fiery and spirited group to work with and I admire them for it. They were not afraid to speak their minds (although sometimes I wish it had been done with a little less enthusiasm), but no matter. If the idea was good it was welcomed and if they made a mistake they readily apologized. It takes a strong person to admit an error, but that is what Parliament was this year.

I trust, from this year, students involved have not only received a taste of government but have also learned that by working with and not against each other, things are accomplished.

Speaker of the House

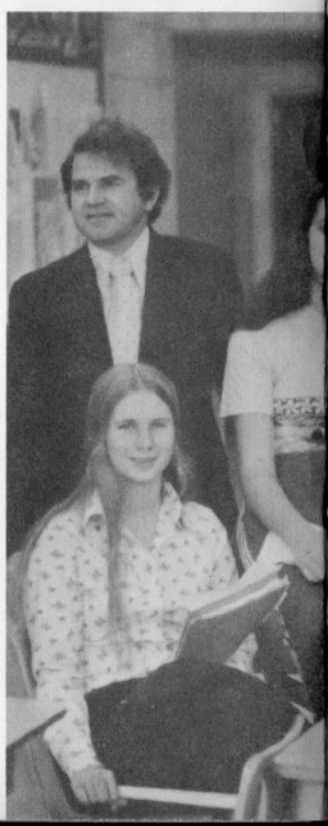
Laurie Williams, Prime Minister



School seems to last forever, but when the time comes to leave you wonder how it went so fast. Common thoughts which enter student's minds when they have finished are: Where are we going to go, what are we going to do and how are we going to do it? My suggestion is try to do your best at what ever you do, no one can ask for anything more.

The magic moment has arrived when the bonding ties of school are unknotted. Now we are to leave our secure mini-society of Victoria High School, to enter the much larger society of the outer world. Be brave, conquer the evils, and enjoy all the beauties our world has to offer. We are to meet many people in our numerous journeys. Somehow most of these people will affect your destiny, tread carefully, and the best of luck to you all.

Every grad class is special but we are the select group of individuals who compose the 100th graduating class of Victoria High School. We are the graduating class of 1976. Our mark is made in the school's history and within ourselves.

I've enjoyed this year, met so many people and done so many new things; I never thought it would be possible. Undergrads, I hope your year or years to come will be as fulfilling and as eventful as my year has been. These last years are so important, try to utilize them as well as you can.

I'd like to thank the many people who have worked to make the school a better place. And a special thanks to my Cabinet, Aloha Carbol, Speaker of the House, and our Governor-General, Mr. Wickstrom. Teachers, Mr. Reid, and Mr. Lorimer, thank you for your patience and support. Without you sponsoring our many activities, they would not have been able to take place.

The best of luck for the future and whatever it holds for all of you.

Mr. T. Mayne: This year Mr. Mayne sponsored the Calamity Players again. It's a tremendous thrill for him to be involved with Vic High's centenary. After all, he was a student here in the 1930's and a teacher since 1945.

By The Sea

I like to walk along the beach,
Where the traffic sounds are out of reach,
Tracing patterns in the sands,
Or sift them idly through my hands.

I watch the ships go slowly by,
Until they blend into the sky,
I'd like to shout, wait for me!

Must it always be a dream
To visit lands I've never seen?
Will I ever sail that sea,
Except perhaps in fantasy?

One solitary droplet of rain wavers
on the last twig of the tall tree,
Trying to hold on
To the only security it knows.
After seconds of struggling

It lets go only to splatter into the pond below
and mingle with the others
Who have earlier experienced the same trauma.
It has lost itself . . .

A meadow of flowers
And tall green grass
The smell and the sound
Long may they last.

The stillness of the forest
A deer running fast
Dew shimmering on the ground
Long may they last.

A swift running river
A bird soaring high
A child being born
May nature never die.

Will Spring Ever Come?

Quickly the winds gather
And the birds soar on high
The leaves begin to scatter
Another winter draws nigh.

The animals are stirring
To make shelter till spring
And will wait to see
What the new season will bring.

Is there a tomorrow?
Will spring ever come?
The days have passed slowly
So it seemed to some.

A warm breeze is blowing
The snow will disappear
A patch of blue sky is showing
Spring time is near . . .

Forest Life

The moon shone full through
the dew sprinkled trees,
The sound of the river
was peacefully at ease,
The animals slept with
no thoughts in mind,
The ground became cold
while branches whined.

The sun rose up slowly
while the dew lingered on,
The river wept quietly
with the new break of dawn,
The animals awoke with
the new day ahead,
Wondering what kind of
food would be fed.

The day went by happily
as most of theirs do,
The animals prepared early
as the forest did too.
The river passed neatly
through the path it had laid,
The night went by gradually
for most of it fade.

The moon shone full through
the surrounding trees . . .

We never stop to wonder
Until a person is gone
We never yearn
To know him
Until he's travelled on.

When someone is around us
We never stop to ask
Hey, what's behind your mirror?
Hey, who's beneath your mask?
We never stop to wonder
Until a person's in our past.

I think perhaps tomorrow
I'll try to make a friend
To really get
To know him
Instead of pretend.

I'll ask him if he bears pain?
Has he burdens to be shared?
And if he does not turn away,
I'll ask him
If he's scared
To be alone?

Just Friends

Just friends,
They ride a sunny path
They both can understand.

Just friends,
They laugh and argue
When in need, they lend a hand.

Just friends,
Confide the things they hide
Each tightens up the band.

Just friends,
They stick together
And together they will stand.

Just friends,
Grow up to look back at
Their happy memories and . . .

Just friends,
They die, but smile
And let the sun carress the sand.

Final Curtain

Little boy plays in the rain
While little girl tries to explain
The meaning of life to her mother
'Cause nobody else would bother.
Soggy sidewalk that bends beneath as
Tired feet that made us weep once
This whole life is just like one
big circus
it seems . . .
Ragged clown tried but still yet
Can't help feel like a marionette
With somebody bigger always pulling
the strings . . .
Empty lives of lazy people
Empty pews on a quiet steeple
Where an old woman comes to pray
Two or three times a day
"Lord," she would say
"Give the people strength,
Although some have strayed away
It really all won't mater
When the final curtain falls . . ."

Dave Mourant

You look at me
With your deep blue eyes
And tell me so quietly
What to do.
But
How can I understand
When I'm drowning
In the ocean of your eyes?

Calamity Players Keeps Us Laughing

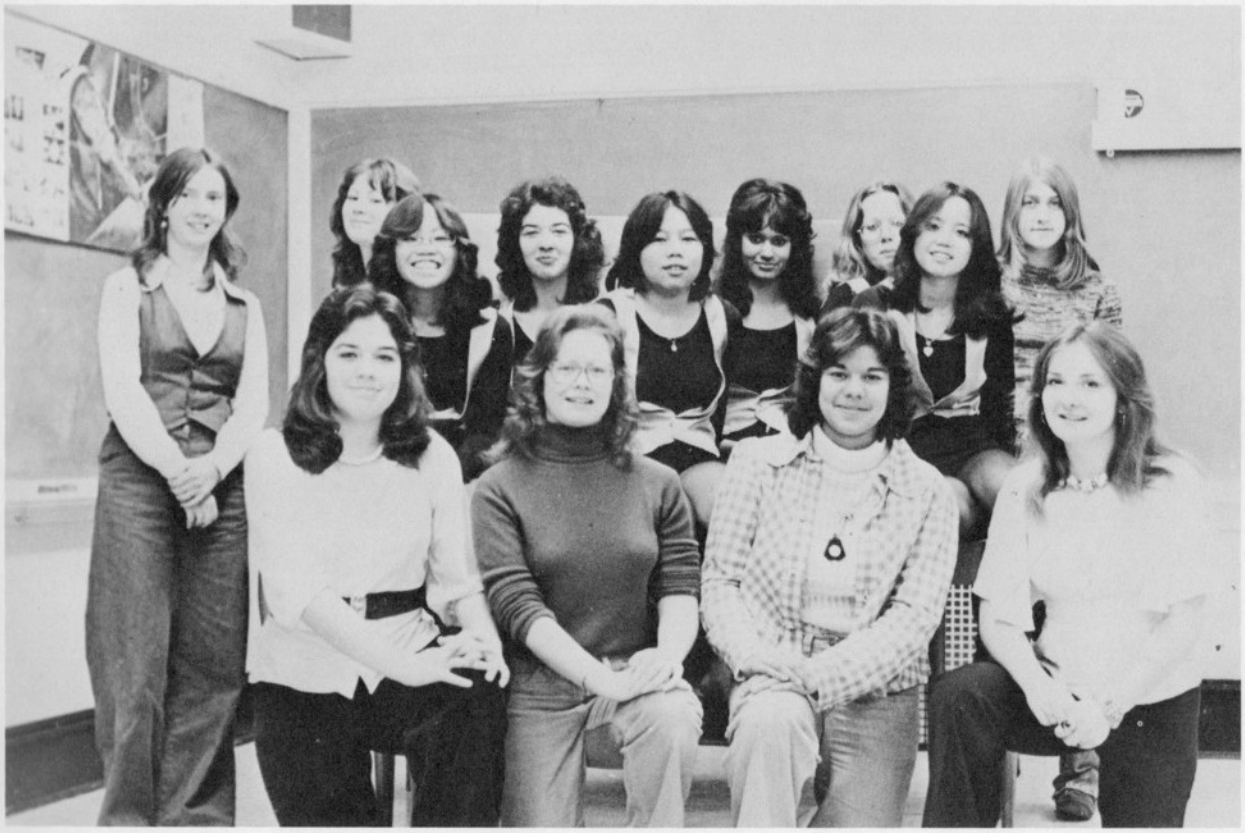
One of the school's more popular clubs was the Calamity Players. Whenever there was a special occasion, the Calamity Players could always be found with their tu-tu's on and their ham cooked up, ready to put on a top notch play for the student body.

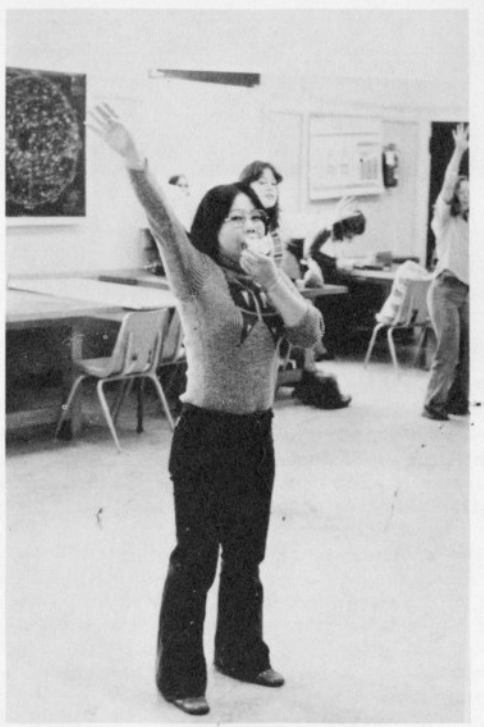
A.B.C. and D. Paints For Fun

On Tuesdays at noon, the Activities Booster Club, (ABC), got together to make posters to liven up our halls and inform us of coming events.

They made over 140 posters for the Circus! Wow! As well as posters, they decorated the school for dances, concerts, and other happenings. Good work, ABC!

Modern Dance Stays On Their Toes





Every Wednesday at lunchtime, a group of girls met to create some of the newest and most spectacular dances this side of "Disco". It was said to be one of the rowdiest clubs, but what do you expect when a bunch of girls get together to have fun and entertain the student body?

Camosun Meets Deadline Again

In between cleaning out animal cages, carving pumpkins, and making tea, the Camosun staff found time to create this yearbook. We have tried to capture those memories you will want to look back on in years to come and hope you will enjoy the result of our labours.

Special thanks go to Mrs. Reimer and Dr. Peter Smith for their help in assembling materials for the history section, and to Mr. McCarron for his literary guidance.

Extra special thanks go to Mr. Chan who gave us many hours of his spare time; without his patience and efforts this book wouldn't be the same (as a matter of fact, it wouldn't even be!). From the beginning of the year he made sure everything went smoothly with his "I know you'll think of something".

Our best wishes to future staffs of the Camosun; we know it will prove a worthwhile and enjoyable venture.

Have a happy life,

Connie Lim

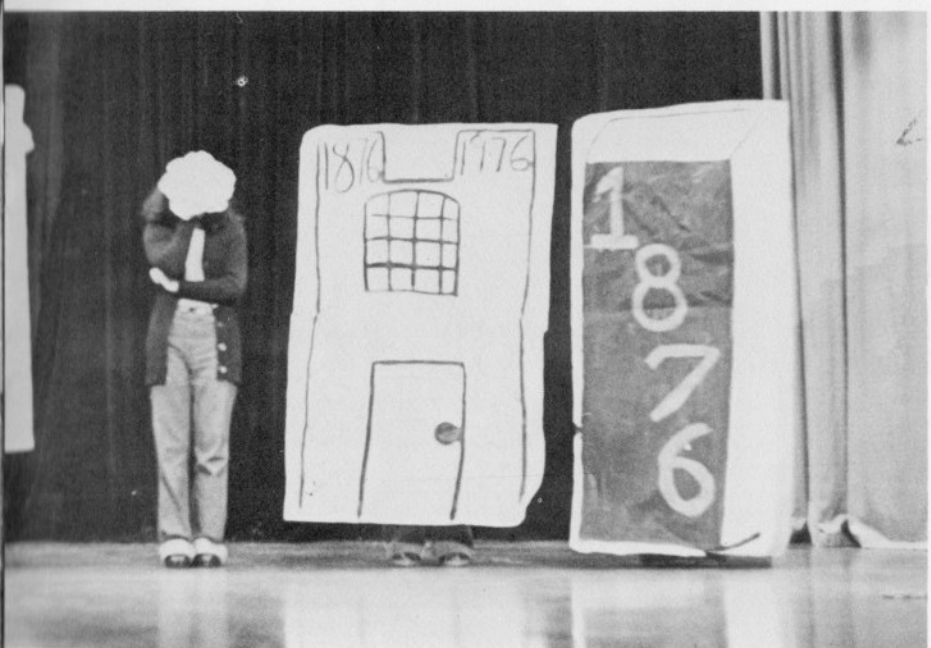
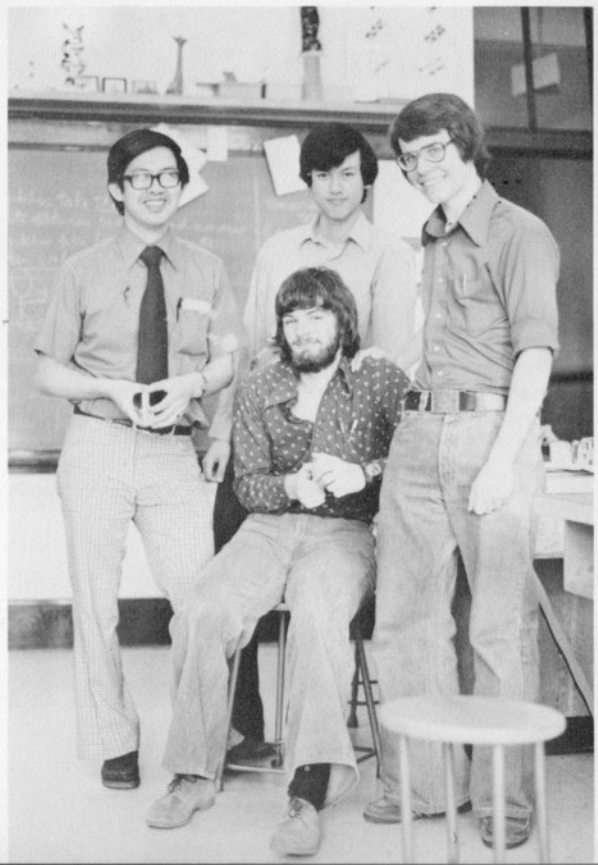
The things you have to do to sell the Camosun.





Vic High Photography Club

This year's Photo Club had problems with organization. That's why half of the members are in the Camosun photo above and the others are down here. All in all, the year went by quite successfully with the taking of Camosun photos. Also this year much work was done for the Archives Display on the Centennial Weekend.

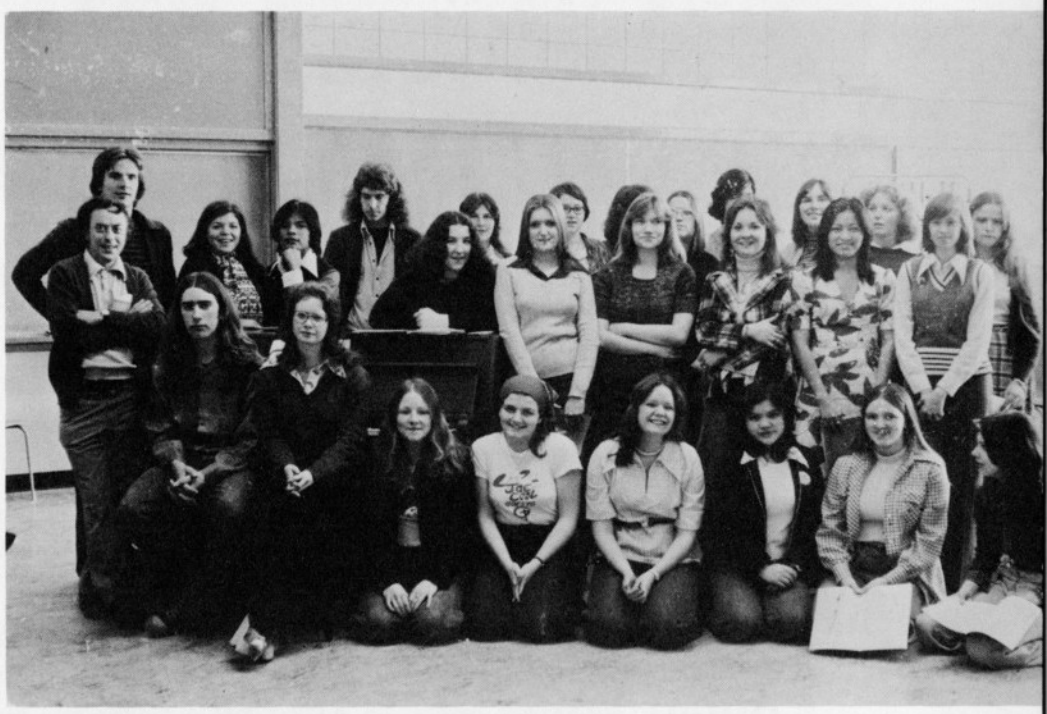
And The Band Played On . . .

Mr. Murray has spent a lot of time this year preparing the band for their trip to Disneyland and their participation in the Victoria Day Parade. During Block G the band members studied concert music, and developed their musical skills.

Behind The Calamity Players . . .

Behind every good play, is a good crew (that is what they say, isn't it?). Well, the stage crew was praised for the great work they did behind the scenes of the Calamity Players' successful play "When Things Were Rottener". They also helped out with some of the Drama Club's needs. We hope to see the same spirit and enthusiasm next year.

The Choir Sings Out



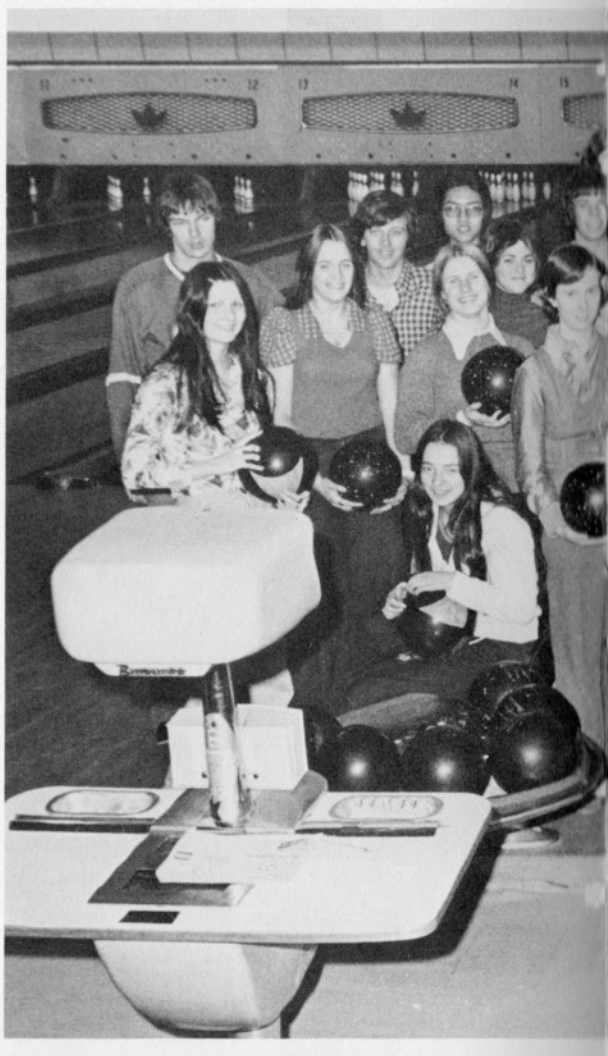
Each year our choir has grown bigger and better. They studied the various aspects of music — reading, pitch and rhythym every F Block in Room 216. Under the direction of Mr. Murray, the choir developed a high standard to represent our school at concerts and festivals. Congratulations choir, you've achieved your goal!

Film Club Goes To Movies

The Film Club, under Mr. Owen's sponsorship, met intermittently to show films, discuss them, and eat lunch. Mr. Owen claims the purpose of the club was to provide a "filmsy" excuse to view and discuss films!

Audio-Visual Helps Teachers

One of the only clubs that met daily was the Audio-Visual Club. At their meetings, they organized equipment deliveries, programs and services. Their purpose was to help the students and teachers of Vic High; thanks, Audio-visual and sponsor, Mr. Blasner.



Curling Club Sweeps Into Island Finals

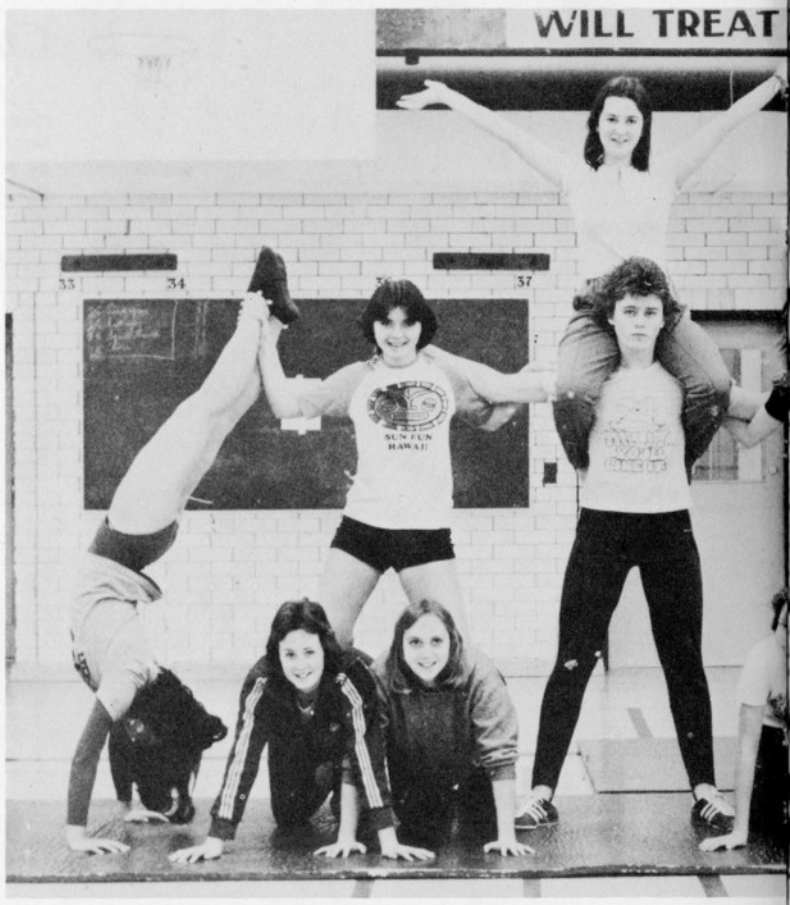
The Curling Club was essentially set up to teach students sportsmanship, teamwork, organization, and of course, curling. Every Monday after school and Saturdays, the Curling Club met to learn how to curl. In a club of almost fifty members, the boys' team won the Vancouver Championship for the second year in a row. We're proud of our boys. Keep up the fine work!

Biggest Year For Bowling Club

Every other Thursday the Bowling Club was down at Mayfair Lanes after school. Besides brushing up on their technique, they had a lot of fun. After playing thirty-nine games in the Round Robin League they had their play-offs of six games. Trophies were awarded to the top teams and individuals.

Gymnastics Club Tumbles

This year our Gymnastics Club was a little late in starting. Coaches Fred Dobbs and Rhonda Peterson got club members together on Monday and Wednesday noon hours for practicing. Although they didn't get involved in competition, they provided a good show in the Centennial "Come Give a Cheer" pageant. The long hard hours spent on practicing were to improve their skills on Gymnastic apparatus as well as keeping the old "bod" in shape!



Ski Club Slides Into Action

This year, the Ski Club has grown to be the largest club in the school. They met occasionally to plan future ski trips. For some students, skiing was a first experience, for the ski bums it was another fun day on the slopes. Leaving at 5:00 a.m. wasn't very popular, but it was worth it by the end of the day. Unfortunately, there were a few bruised hips, sprained ankles, and broken skis. All in all, the Ski Club had a great year.

Sailing Club Tied Up In Knots

Never in the history of sports has there been a more graceful or exciting pastime as sailing. This year the students of Vic High had the opportunity to participate in this sport. Every Tuesday, they were taught safety maneuvers, how to read charts, and how to operate the rigging of a sailing vessel.

Chess Club-Number One

Mr. Chell's Chess Club met at noon hours in Room 202 to improve their chess playing. They must have succeeded because they took top honours at the Inter-school Chess Tournament. In addition to their chess playing they also had an occasional bridge game.

Good Year For Writers

Under the supervision of Mr. McCarron, the Camosunet had a good year. The club was made up of students sharing an interest in a newspaper-type of publication. The meetings were held on Wednesdays at lunchtime, where the members discussed and planned several Gestetner productions.

Christian Fellowship Continues . . .

At Thursday noon hours students got together to form what is called the Inter-School Christian Fellowship Club. Object was to encourage fellowship among Christian students. Meetings were always open and all students were encouraged to attend. Bible studies, discussions, group games, and singing were among the programs. Former student Kevin Woodward with his guitar was a frequent and popular visitor. Everything went smoothly thanks to co-ordinator Karen Johnson and sponsor Mr. Foxgord.

Serving Us Again . . .

The Library Club was purely a service club. Students who volunteered worked at the desk checking books in and out, particularly at noon hour. They helped the library staff to serve staff and students. It was a very useful service and rewarding as it increased their own ability to use the library. Thank-you Mr. Freeman and Mr. Hopper.

Tuc Tay Yuk Tucs Participate With Enthusiasm

Our actively involved sponsors, Mr. Ashwell and Mr. Henrich, guided our badminton team in learning to improve its skills and to be able to compete successfully in inter-city tournaments. The Tuc Tay Yuc Tucs devoted their Tuesdays and Fridays after school to practicing, which resulted in a strong team and many hours of enjoyment for the members.

Ping-Pong Popular

Our Table Tennis Club under the sponsorship of Miss Westman, met every day at lunchtime and after school. The general purpose of the club was to give students a chance to sharpen their skills, promote co-operation, and of course, to have fun. Since there were only twelve regular members, single games were played, except on occasion when extra players showed up, and doubles were played. The club also arranged tournaments between themselves and with other schools.

Enthusiastic Participation in Cross Country

Even though still small in number the Cross Country Team had a successful season. They entered in many meets and events. Randy Cox qualified for the B.C. Championships. In Nelson he ran well in two feet of snow.

Standing L-R: Sherry Pynn, Julie Cox, Mr. Newell (coach), Anne Underwood, Margo James, John Johnson, Leonard Sielecki, Randy Cox, Rick Jones, Phil McGregor (manager) Sitting L-R: Linda Reid, Tony Wong, Dennis Wagner, Chris Dowds, Kim Balfour, Darcy Killian.

Swim Team Tenth Best In B.C.

The Swim Team though still small in number had a very successful season, qualifying for the finals in the City, Island, and Provincial Championships. Eight swimmers competed in the Provincial Championships winning one gold medal, six silver medals, one bronze medal, and eleven ribbons to place Vic High tenth out of thirty-six schools competing. The Swim Team is looking forward to greater success next year.

Track and Field

Every year around April the Track and Field team which is coached by Mr. Newell is formed. This year's team got underway quite slowly with only a few members, but their enthusiasm remained high as always. Because the yearbook was sent in at the end of March, the team picture was missed again. In place of the team picture, we have included a "symbolic" photo of a polevaulter.

Tikis Win B.C. Championship

This year the Tiki's placed first in the Girls' B.C. Volleyball Championships. They were undefeated in all League play, and took top honours in the Lower Island and Island Finals. To complete an outstanding season the girls won both the Vernon Invitational Tournament and the Mt. Doug Invitational Tournament.

Standing L-R: Sharon Lofthuse, Tracey Sheldrick, Kathy Telegus, Val Waller, Michele Godfrey (captain, all-star), Sandy Glendale, Barb Milligan, Mrs. V. Egan (coach). Sitting L-R: Donna Thomson, Cindy Lowe, Teri Paone, Linda Chiu (all-star).

Perfect record for Vic High in volleyball

Victoria High went undefeated in retaining the Vancouver Island girls' high school volleyball championship.

The host team won three games Saturday to finish the two-day eight-team tournament with a 7-0 record while Courtenay finished second at 6-1 and Oak Bay was third with a 4-2 record.

Vic High and Courtenay qualify for the B.C. championship scheduled for Nov. 27-29 at Kamloops but Oak Bay must win a special playoff game next weekend at Burnaby to earn a berth.

Oak Bay will have to win a round-robin playoff, which will include teams from Vancouver, the Fraser Valley and the Okanagan.

Selected to the Island all-star team were Shelley Godfrey, Linda Chiu and Donna Thomson of Vic High, Laurie Knight and Leslie Wilkinson of Oak Bay.

Vic High girls win B.C. volleyball title

KAMLOOPS — Victoria High captured the B.C. high school girls' volleyball championship Saturday.

The Victoria and Vancouver Island champion Vic High squad went unbeaten in 11 round-robin matches and then defeated Burnaby Central, 15-3, 15-13, 15-6, in the championship match.

Shelley Godfrey of Vic High was named the most valuable player of the 18-team tournament and was named to the all-star team along with teammate Linda Chiu.

Courtenay Towhees finished fourth and Oak Bay, the only other Island representative finished 11th.

Laurie Knight of Courtenay was a runner-up in the all-stars voting.

Tsasquatches Place Fourth in B.C.

With eight returning members of last year's silver medal team, this year's Tsasquatches were top contenders to win the B.C. championships. They topped league play with an undefeated record for the second successive season. The team also won the Mt. Doug tournament and capture the City and Island titles. In the Provincial playdowns in Prince Rupert, the boys did not finish as high as they had hoped. They came close, but in the semi-finals bowed out to Vernon, who went on to win the Provincial crown. However, the team finished fourth among the best in B.C. Tom Kover and Dean Jordan were selected to the all-star teams for their fine individual efforts.

The team would like to give a special thanks to their sponsor, Mr. McCarron, who gave his time and support to them throughout the season.

"It's mine, it's mine!"

Once again, the Girl's "B" team volleyballers were first in the league in an undefeated season. They also took first place in the Claremont Hallowe'en Tournament. The team was coached by Ken Weins who did a great job. Altogether the girls were a very capable and enthusiastic team.

Tomahawks Host First Centennial Tournament

To celebrate our one hundredth anniversary, this year the Tomahawks hosted an invitational tournament. The twelve teams invited consisted of three from Alberta (Stalbert's, Calgary, and Red Deer), three Okanagan teams (Salmon Arm, Rutland, and Kelowna), three teams from private schools (Norfolk House, St. Margaret's, and Queen Margaret's), and three from the Greater Victoria Region (Oak Bay, Spectrum, and Mount Douglas). The tournament took place over the weekend of the eleventh and twelfth of October, on the fields of Lansdowne School. No winner was declared, the object of the games was to promote good quality hockey and friendly competition.

Coached by Miss B. Hanslip, the team played well, placing fifth in the final league standings, with a record of six wins, three losses, and two ties, and earning a berth in the Island tournament.

Tigers Capture B.C. Bronze Medal

This year's Tigers, following in the footsteps of last year's B. C. Champions (and with only Shelley Godfrey returning from that team) completed an outstanding season with only three losses in thirty-five games. They had two losses along with eight wins in early season exhibition play, and one loss at the B.C. Championships.

They topped their Division in League Play with thirteen wins, Shelley Godfrey being league high-scorer and Sandy Lewis fifth. They won the the Lower Island Tournament in three straight games, and won the Island Championships in Port Alberni. In the Alberni Tournament all five starters earned recognition: Lesley Metcalfe — honourable mention; Teri Paone and Vicki Fitzpatrick — second all-stars; Shelley Godfrey and Sandy Lewis — first all-stars. The B.C. Tournament was held in Vancouver at Sir Charles Tupper Secondary School with sixteen teams representing all areas of the Province. In the two-day preliminary Round Robin, the Tigers won all three games, going into the Championship Draw on Friday. They won their first game against Richmond Colts, to reach the semi-finals against Salmon Arm, the eventual tournament winner. They lost to Salmon Arm by four points, after losing Shelley Godfrey to a badly sprained ankle. Saturday night, again playing without Shelley, they defeated Burnaby Central in a close-fought game to take third place. Shelley and Sandy Lewis were selected to the first all-star team. Next year will see all but Shelley and Cathy Lane returning for another try at the B.C. title.

Sportsmanship Well-Displayed by Totems

This year was a rebuilding year for coach Ash Valdal, with ten rookies on the team. The Totems made the playoffs but were eliminated in the first round.

In the Western Canada Tournament in Kelowna they captured the most sportsmanlike team trophy. Lack of experience was the team's main fault this year but next year promises to be a good one for the Totems.

Tiggers Work Hard To Place Third

Although the Tiggers did not have a successful season, they learnt much from their league play. One game was won over St. Margaret's, while four games were lost to Belmont, Oak Bay, Mt. Doug, and Norfolk House. At the Invitational Tournament held at Mt. Doug, the Tiggers placed third out of six school teams. Both spirit and teamwork were displayed on the courts.

Cheerleaders Boost Spirit

The Cheerleaders of 75-76, helped to boost the spirit of Vic High by cheering for the Tyees and Totems. They had also participated in many of the pep rallies this year. Five cheerleaders from last year remained with the team this year. The plans for the year's end included participation in the May Day Parade which was dedicated to Vic High. There will be a return visit next fall with the Tyees to Healdsburg, California, and a replacement of the batwings and mops.

Thanks go to Mrs. Benbow, their sponsor, for putting up with whatever it was they did.

Rebuilding Year For Tyees

The Tyees had a big turnout on Clubs Day when more than thirty players signed up for the season. The team was whittled down to twenty-two players, most of them grade tens and elevens. Although they did not rank at the top of their league, the players gained much experience as the season progressed and improved with every game. Next year we should have a good soccer team with a strong nucleus of returning players.

Strong Play Produces Second Place For Titans

This year's Titan team showed considerable dedication and spirit in overcoming a bad start in the league with a shaky 1-3 record, by finishing the season with seven straight victories and capturing second place in their division.

Our Titans deserved all the success they achieved after those long hours they put in practicing out on a cold, wet, muddy field.

Next year will see many of our players returning to the team, and we hope to see those who graduated go on playing rugby, and supporting future Titan squads.

Tyettes After Colonist Cup

This year twenty-five enthusiastic girls came out to play soccer. They practiced three times a week and played twice a week, winning a good number of their games. Special thanks must go to their sponsor, Miss Ruckle, for the time and effort she put in, and also to Murray McCaig and Andy Coss, their two capable coaches, for their efforts on behalf of the team.

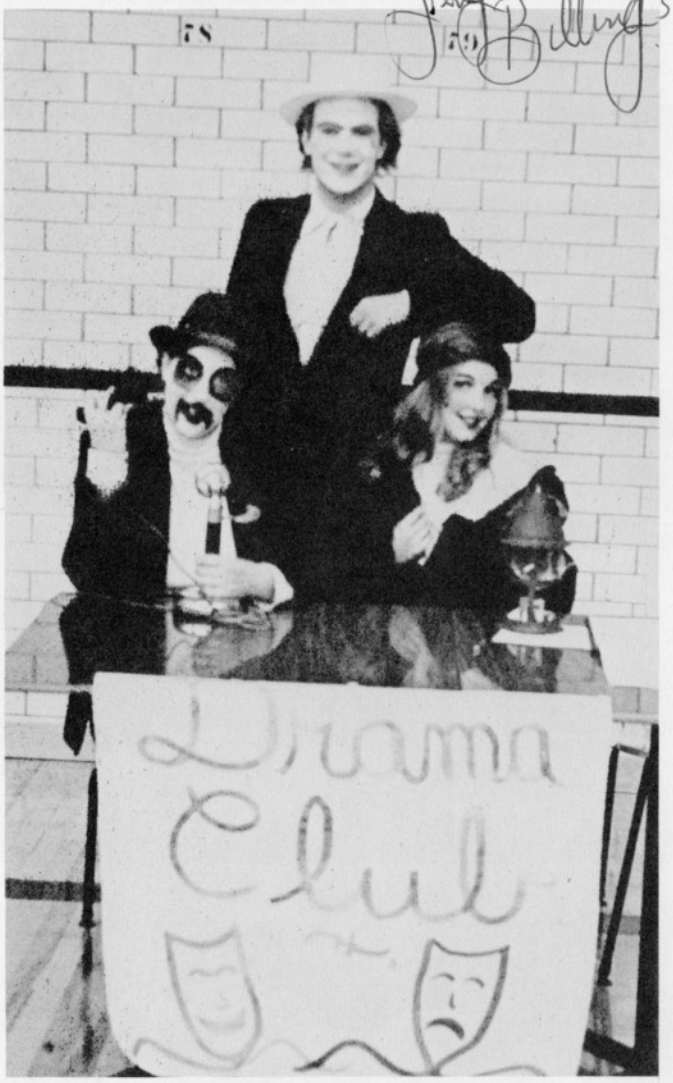
. . . A Centennial Year . . .

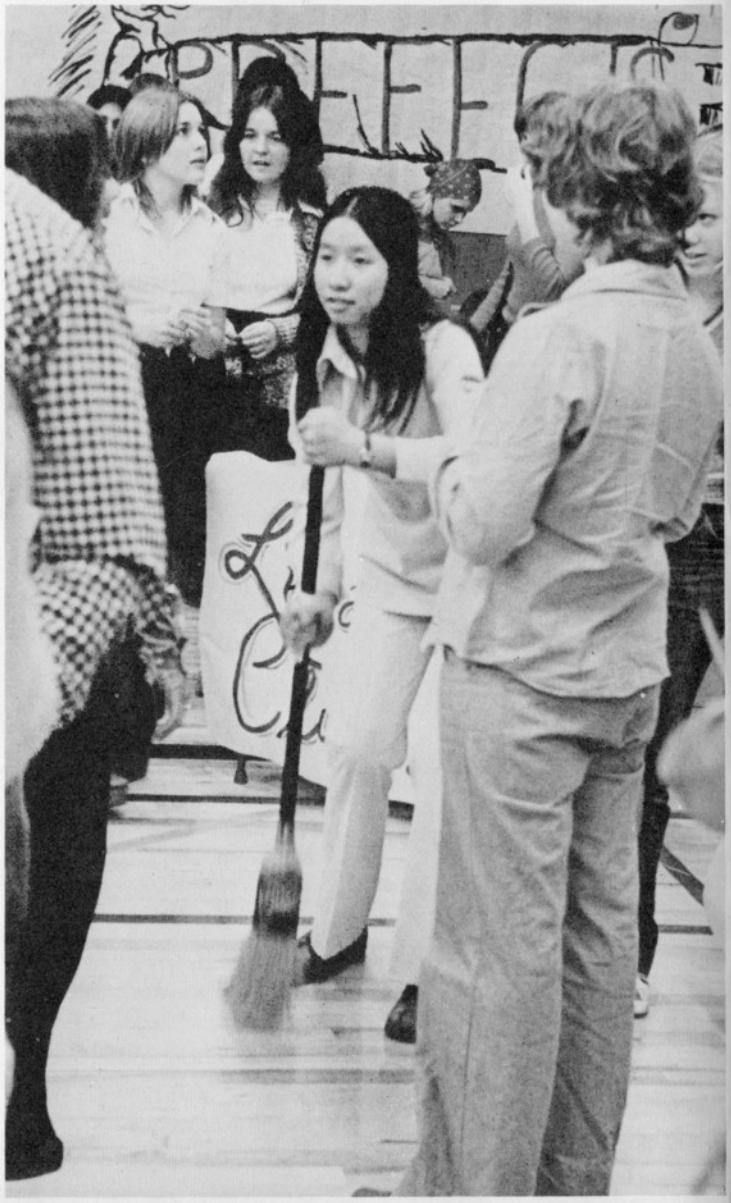


"We've come a long way . . ."

Shortly after school began in September the Governor-General, Mr. Wickstrom, called for student elections for Parliament. Laurie Williams was elected our Centennial Year P.M., and a cabinet was chosen.

Clubs Day was held in the Old Gym one noon hour in September to interest students in joining various clubs. In the following weeks meetings were held and student activities were underway for the year! A number of noon hour activities were organized including a concert by Rick Macey, and a karate demonstration. However, most lunch hours were spent lying on the grass outside, in the sunshine.

Beauty is only skin deep.



Pep rallies staged in morning assemblies publicized upcoming events and roused student enthusiasm. Featured were the Vic High-Mt. Doug soccer game, and the annual Miss Camosun Contest. After a dazzling display of lovely legs Roger Racine was named Miss Camosun 1976.

In those first few months we got back into the feel of school and a strong spirit formed which was to continue through the rest of the Centennial Year.

Beauty and the Beast?

Strangely enough, Strange Day was the most successful event in the first few months. Weird and wonderful figures flitted through the halls on the 31st of October, then hopped and bopped the noon hour away at a sock hop.

When things had returned to normal, the Reach for the Top team began working under Mr. Denis Johnston. Frank Leung, Della Letnes, Bess Leung, Jed Schroeder, and Colin Stewart were selected to represent Vic High, and in late January played their first game against North Vancouver Island. After winning this round, the first Reach for the Top game Vic High has won since Mr. Johnston was on the team, they met Nanaimo, and unfortunately were defeated. Nanaimo went on to become B.C. champs.

The boys won the annual Penny Drive which raised close to one hundred dollars. "National Nerd Day" followed with the girls becoming "Nerds" for a day.

Victoria Symphony and the Maestro

In the fall Eaton's saluted Vic High with a dinner and fashion show. Entertainment was provided by talented Vic High students organized by Karen O'Malley. Master of Ceremonies for this enjoyable evening was Paul Knapp-Fisher.

November 3rd to November 7th was designated Homecoming Week, and the grads of '75 returned to visit the school. Volleyball, basketball, fieldhockey, and rugby games were played between this year's teams and last year's teams. The highlight of the week was the Homecoming Dance which had a record attendance; there were so many people it was hard to move, let alone dance. The Christmas and Centennial Kick-off dances held later in the year proved just as popular.

At Christmas time a tree was put up in the main hall to cheer up students who were writing all those exams. The annual Hamper Driver was organized (or was it disorganized?), and hampers and a money donation were sent to the Salvation Army. Then everyone went home for a well-deserved Christmas break.

Sticky and sweet,
When it drops on the floor,
It sticks to your feet!"

The Centennial Circus, the first major Centennial event, was a mass of colour and excitement. Preparations had begun weeks before December 5th with the meetings of the Circus Committee. A colourful chart to record divisional ticket sales was designed and set up in the main hall by Maisie Mah and Janine Quan. Every morning they graphed the latest sales, which were to top all pre-sales from previous years. Congratulations go to Divison 31, Mr. Foxgord's homeroom, as the top selling division in the school, and also to Division 3, Mr. Newell's homeroom, the runner-up.

As the Circus drew near each division chose a Circus project. A large variety of stalls, activities, and refreshment stands were planned for the big day.

On December 4th the staff displayed their acting talents in a Circus skit, which started the last 48 hours off with a bang. Excitement grew as the gymnasium became filled with people setting up stalls and posters.

On the evening of December 5th the Centennial Circus was officially opened with the cutting of the gold ribbon across the entrance of the school by our Prime Minister, Laurie Williams, assisted by Paul Knapp-Fisher and Karen O'Malley, the Circus Host and Hostess.

The school rapidly filled up with people, noise, and excitement. The baking, book, and plant stalls soon sold out, and the White Elephant and other stalls didn't get a moment's rest. In the new gym games of skill attracted those eager to try their hand at the pie throw, or have their fortune told. A large variety of refreshment stalls kept the visitors contented throughout the long evening.

In the auditorium the Variety Show played to three full houses. Entertainment was provided by talented Vic High students. Jokes, singing, dancing, skits, and short plays were enjoyed by all who attended.

The official draws for various prizes donated by shops around Victoria were made at the end of the evening by our Host and Hostess, and Prime Minister. The grand draw of a trip to Hawaii for two was won by Mrs. Hill.

The Centennial Circus was very successful, and provided an enjoyable evening for many people. All those connected with planning and running the Circus found it to be one of the most worthwhile ventures of the year.

Vic High's production of "The Ugly Duckling", directed by Mr. Denis Johnston, received the honour of performing in the Victoria Drama Festival's Gala Performance. Three members of the cast were awarded for their performances: Meredith Dunsmuir as Florabelle, Sidney Spencer as the King, and Don House as the Chancellor. The play was put on for Vic High students during a morning assembly, and was received enthusiastically.

Happy Birthday, Vic High!

The band spent many hours marching around the track practicing for their debut in the Victoria Day parade, and their trip to Disneyland. The Victoria Day parade, entitled Victoria High School One Hundred Years of Education, chose Vic High's Centennial as its theme. Both the Band and the Cheerleaders were to participate.

In February May Queen elections were held and Linda Pope was chosen to represent Vic High in this year's Victorian Day Celebrations.

I shall pass through this world but once. If, therefore, there be any kindness I can show, or any good thing I can do, let me do it now; let me not defer it or neglect it, for I shall not pass this way again.

This year's lap-a-thon was a great success. Thirty-eight people turned out dressed in regular strip, clown costumes, and cheerleader outfits to raise money for the Track Team. High spirits were shown right at the beginning and at the end of the hour. Randy Cox led the boys with 39 laps while Julie Cox and Jeanette Reicheneder ran 29 laps for the girls top effort. Linda Reid and Tony Wong raised the most money for the Track Team, and all winners were awarded an official lap-a-thon T-shirt.

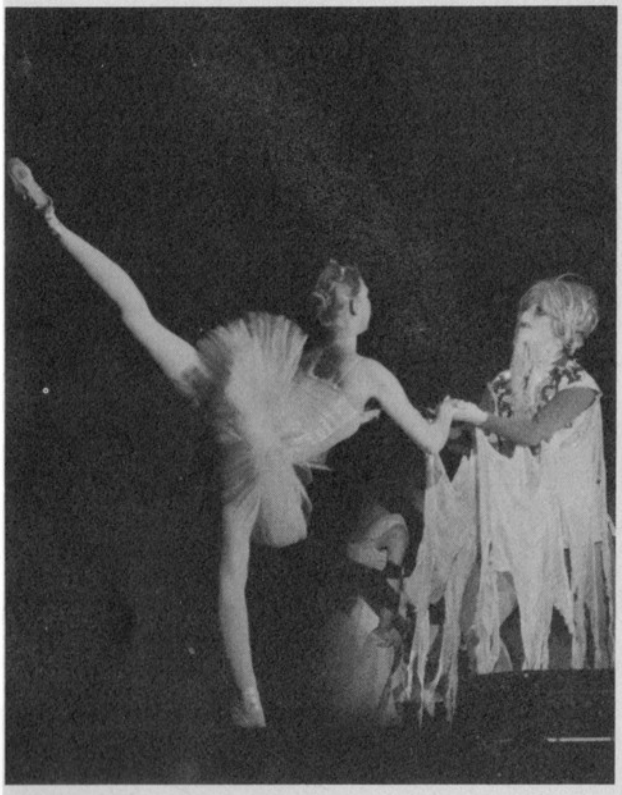
February 20th, official Vic High celebrations begin.

The first event of the May 7, 8, 9th Centennial Weekend was the show, "Come Give a Cheer", a history of Vic High, produced as a $20,000 musical revue. Former students travelling from the far corners of the world came to see a hundred years of memories brought to life with song, dance, laughter, and a few sad and touching moments.

The first showing was open to the public and was thoroughly enjoyed by all but the second show was restricted to students from Vic High. The difference in audiences was evident; the high spirits of Vic Highers could be seen and heard quite dramatically. The show was opened and closed with the singing of the school song which brought back many fine memories of the "good old days" at Vic High.

'Old Vic' does his thing.



Song of Norway

The Arena was the site of more Centennial Celebrations on the Saturday night as 5,000 danced to the music of Mart Kenny and his Western Gentlemen. Colourful decorations, arranged by Mr. Hemming transformed the arena, as meetings between old friends took place.

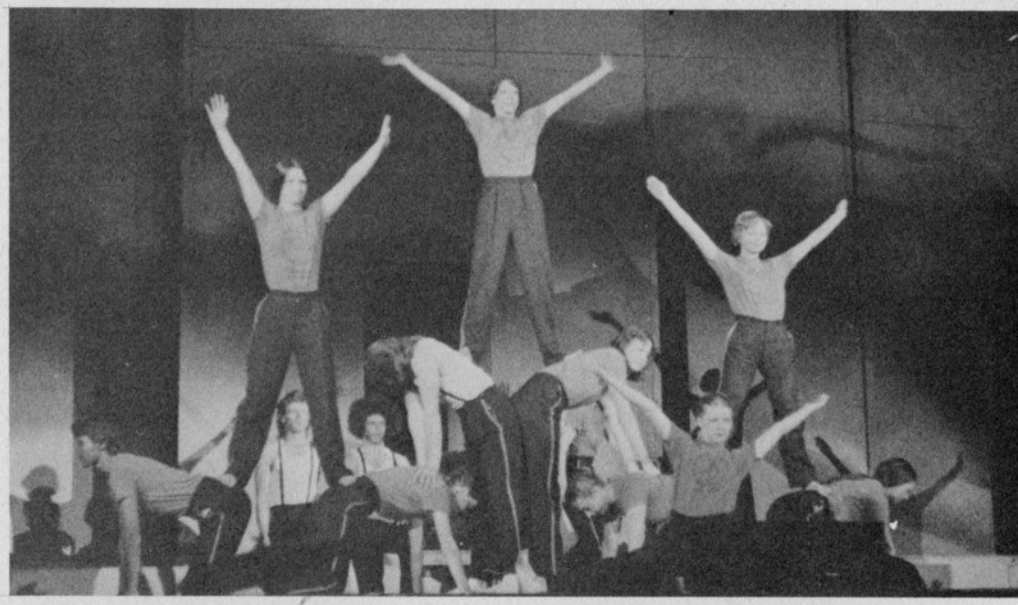
A year and a half's preparation went into the show; perfecting the script, music rehearsals, dancing rehearsals, costume fittings, and countless other important jobs. Tommy Mayne, "Old Vic", produced the show and Sylvia Hosie was the director, as well as choreographer, of a cast of over one hundred people. Brian Cockroft put in many hours during the year planning and preparing sets and scenery. The time spent constructing and painting sets by staff and students was well worth the effort; the show would not have been so effective without the background scenery. The orchestra, directed by John Murray, and Maureen Archambaults' choir lightened the atmosphere of the programme throughout the evening.



Gymnastic Team performs

Picnic in the forest

As always, there was a large team that worked "behind the scenes", without whom the show would have been non-existent. They all worked hard, moving the gigantic set, working the lights, and making sure the cast had something to wear.

The Weekend Celebrations came to a close with the Garden Party at Government House which Lieutenant-Governor Owen had invited Vic High students to attend. That afternoon tea, coffee, cake, and biscuits were served to about 10,000 people who reunited to reminisce further.

The Centennial Weekend was 3 days of sunshine and happy memories. Without the Centennial Committee to plan and work so hard, the homecoming would not have been the success it was. They were a dedicated group of people who worked right up to the last minute keeping everything under control, and most of all keeping everyone happy.

The Centennial Celebrations continued Saturday, starting off with "Breakfast with the Champions". Mr. George "Porky" Andrews and a few other Hall of Famers from Vic High, served breakfast to 609 former graduates. Soon after the breakfast, the day's athletic events began, featuring yesteryears' heroes. Surprisingly enough the turnout was overwhelming. Grasshockey, soccer, tennis, and cross country events took place outside while basketball, and volleyball games were played in the gym.

The crowds grew through the day with close to 12,000 people gathering for the day-long reunion. A slide show illustrating the history of Vic High and videotaped highlights of "Come Give A Cheer" were shown throughout the day in the auditorium. A tour through the archives brought back fond memories for many people. Pictures on display included the first known class portrait of 1885, through to the turn of the century, construction of the new school, the depression, to the present time.

The front grounds of Vic High had a carnival effect to them; confectionary tents, souvenir stands, entertainment, and rows of tables and chairs covered the lawn. The Narciso family, the Dulin family, the school band, and the V.H.S. Centennial Rubes displayed their talents to the crowd with singing, dancing and music.

The Pioneer Tea was another main attraction for those who had attended Vic High before 1914. Close to 200 ladies and gentlemen sipped tea and ate sandwiches and cookies while reminiscing of past years.

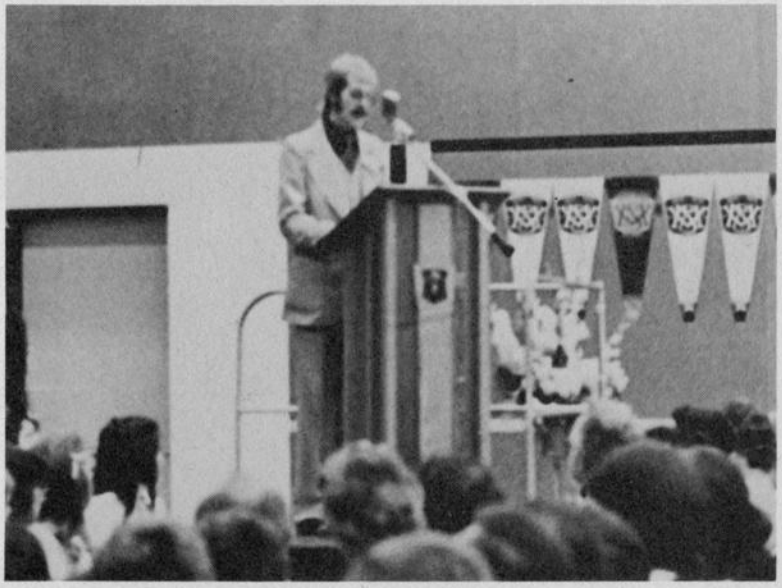
E THE QUEEN"

Rehearsals

This year's graduates were especially honoured in being members of the "100th Graduating Class of Victoria High". The ceremony took place on the evening of June 4th and an overwhelming 1500 people attended. The evening was highlighted by a speech from "Old Vic" (Mr. T. Mayne) and the valedictory address given by Ian Teeple. The grad class itself joined in singing four songs appropriate to the occasion. It was a memorable evening and an all round success.

The Valedictory Address



Mr. Lorimer, Honoured Guests, staff, parents, friends and fellow students.

For most of us, this is an unfamiliar situation. None of us in the graduating class have gone through this ceremony before. Teachers, of course, are old hands, but you, our parents, have never seen us as we are tonight.

Remember those endearing, angelic little darlings running around with questions on their lips and mischief in their minds? How they gave way to the uncertain youths who burst into puberty with different and perhaps more difficult questions for you to answer. For a while, only too recently, we were those confused kids. As we grew older we challenged your authority and your values, expressed our own opinions and preferred learning from hard experience rather than sound advice. We took great pains to express our individuality, you wondered why we seemed to be straying from the flock. As you look at us tonight you probably wonder what to think now. Here we are, looking unusually respectable in our suits and gowns. Could it be we've grown up?

Reflect and Remember, and reflect also on the meaning of this ceremony, to recognize and say farewell to another graduating class.

Soon we will all go our separate ways, and we too will have our time to remember those special, magic moments which made our short stay at Vic High an enriching, rewarding experience, things which built our characters like skipping out for a quick coffee and staying away all day; and those blue attendance inquiry slips which materialized next morning in home room filling our hearts with apprehension, then terror, as our names were called to collect them and face the music; the counselling release slips which, when you count travelling time, were our tickets to freedom for an entire period; and getting busted for smoking. We'll also have time to remember the many friends we've found among the staff and students. For now we say goodbye, all things considered, we had a great time here and we'll miss it.

As you know, this year marked Vic High's Centennial, and many honours were heaped upon us. Our reunion weekend was highlighted by a sensational show, a ball, and a garden party at the lieutenant governor's mansion. On Saturday, May 8, people of all ages, from Pioneers to present students, shared a friendly afternoon bound together by our association with this fine old school. A new song was written to celebrate the occasion and a book, tracing Vic High's history, "Come Give a Cheer", by Peter Smith, is rapidly becoming a local bestseller.

In a way, our lives can be compared to a book. Tonight is a climactic event for all of us; it caps our twelve years of education in a way which leaves us proud, and somewhat relieved that we made it this far. But this isn't the end, we have only completed the first chapter, there are many more pages to follow as we gain experience and fulfill our various goals. There have been ups and downs and ins and outs in our lives which mark our failures and triumphs, accomplishments for which we are proud and other things we'd rather not mention. There are many more for us to face in the future. I'm sure that all our stories will be interesting, I hope none will rate a censorship.

There is another and infinitely larger book being written even now, the continuing story of Victoria High. It's not finished yet either. It's like a soap opera, it keeps on going. Everyone who ever walked these halls has left their signature, not just in washroom stalls and cafeteria walls but everywhere the spirit lingers on, giving character to this pile of bricks. Without the people it would be only a building standing here, there would be no school and no story.

We, and those who came before us are all co-authors, and here we are tonight, this is it folks, the last page we'll ever write in the history of Vic High.

No more homework, no more books
No more teachers' dirty looks
Schools out forever.

— For some of us. For the others, those among us who continue their schooling, there will be other institutions, and more dirty looks, books, and homework to plague them. But no matter what we do or who we become, this school, this building, you, the people gathered here to honour us on our day of recognition, have touched our lives and helped mold us into the people we will become. We the 100th graduating class of Vic High salute you.

Our teachers, those paragons of patience and virtue, who steadfastly retained their composure as they watched us straggle into class like zombies every period. It must have been tough on them, trying to get through to a room full of driftwood statues, but I'm sure some of their words reached us and they must have been proud of the enthusiasm we showed when we cleared the class at the sound of the bell.

The Administrative staff, none of us addicted to tobacco will ever forget the butt patrol, that daring duo, Mr. Lorimer and Mr. Reid, struggling valiantly to protect innocent students from the evils of nicotine. I'm sure none of us felt that way when we were caught smoking and ended up trash picking, but it's all forgiven now.

And especially, Our Parents, for without them constantly telling us "It's for your own good" we never would have made it at all.

Let us go forth now and inject the world with some of the spirit we found in this school and these people. Let us turn the book over to those who will follow us, secure in the knowledge that the next century will be as colorful, as productive and as memorable as the first.

Thank you

Dan Leeple

In the past the Victoria Day Parade has annually honoured some event or organization of some importance. This year their salute went to "Victoria High School, 100 Years of Education!" Vic High led the parade with the marching band and drill team. Two floats followed overflowing with cast members from the Centennial show, clad in the fashion of the decades. Bands and organizations from across Canada and even from the U.S. saluted Vic High with floats and banners. It marked another proud day for Victoria High this year.

Nepean High School flew across Canada from Ottawa to be with us and enter the parade in a salute to Vic High. Their band played for us in an assembly and then surprised and delighted us with several skits in honour of our Centennial. Their principal (somewhat of a comedian) presented to the school a birthday cake (left) and a plaque with an inscription of their motto "Play The Game." The plaque has a place in the foyer display case in remembrance of Nepean High School's unforgettable visit.
